Communication — Collaboration — Problem Solving — Time Management — Adaptability

 github.com/deborahdore  linkedin.com/deborah-dore  scholar.google.com/citations

Passionate Italian researcher in France, pursuing a PhD in Natural Language Processing (NLP). I investigate how humans build and challenge arguments, across both text and images, and how to teach AI to do the same.

EDUCATION

PhD - Computer Science

Nov 2024 – Nov 2027

Centre National de la Recherche Scientifique (CNRS)

Nice, France

Research Project: Multimodal Argument Mining

Advisors: S. Villata, E. Cabrio

Keywords: NLP | Computer Vision | Argument Mining | Political Debates

Research Scholarship: EFELIA scholarship for international mobility

Master - Computer Science

Sep 2021 – May 2024

Sapienza Università di Roma. Final Evaluation: 110/110 cum laude, GPA: 4.0

Rome, Italy

Erasmus+ Scholarship: 6-month exchange at Universidade do Porto, Portugal

Research Scholarship: 6-month research visit at CNRS, France

Bachelor - Computer Science

Sep 2017 – Apr 2021

Università degli Studi di Torino. Final Evaluation: 110/110, GPA: 3.7

Turin, Italy

Erasmus+ Scholarship: 6-month exchange at Universit  Tecnica din Cluj-Napoca, Romania

PUBLICATIONS

Deborah Dore, Elena Cabrio, and Serena Villata. RooseBERT: A New Deal For Political Language Modelling. arXiv preprint arXiv:2508.03250 (2025).

Pierpaolo Goffredo, **Deborah Dore**, Elena Cabrio, and Serena Villata. 2025. DISPUTool 3.0: Fallacy Detection and Repairing in Argumentative Political Debates. In Proceedings of the 63rd Annual Meeting of the Association for Computational Linguistics (ACL 2025), Vienna, Austria.

Deborah Dore, Stefano Faralli, and Serena Villata. 2025. Leveraging Graph Structural Knowledge to Improve Argument Relation Prediction in Political Debates. In Proceedings of the 12th Argument mining Workshop, The 63rd Annual Meeting of the Association for Computational Linguistics (ACL 2025), Vienna, Austria.

Pierpaolo Goffredo, **Deborah Dore**, Elena Cabrio, and Serena Villata. 2025. Repairing Fallacious Argumentation in Political Debates. In Argumentation in the Digital Society: Proceedings of the 5th European Conference on Argumentation (ECA 2025), Warsaw, Poland.

EXPERIENCE

Teaching Assistant

Nov 2024 – Present

Universit  C te d'Azur, Centrale M diterran e

Sophia Antipolis, France

- Assisted in teaching Natural Language Processing (BSc and MSc), NoSQL Databases (BSc), Advanced NLP (Msc) courses, designing labs, managing exams, and providing individual student support.
- Created and successfully delivered a new course on Data Analysis and Visualization (BSc and MSc), including lectures, labs, and final project supervision.

Research Intern

CNRS, WIMMICS Team

Sep 2023 – Feb 2024

Sophia Antipolis, France

- Enhanced argument component relation classification on US political debates, achieving a +4% improvement in Macro F1 over the state of the art.

Student Collaborator

Sapienza Università di Roma

May 2023 – Aug 2023

Rome, Italy

- Supported 500+ international students with enrollment and orientation at Sapienza.

Software Developer

Certimeter Group (Lutech)

Jan 2021 - Aug 2021

Turin, Italy

- Developed 50+ microservices using Spring Boot and Docker.
- Reconfigured and deployed 20+ applications from monolithic to microservices architecture using Spring Boot.
- Implemented Kafka-based streaming pipelines for real-time data ingestion.

Intern Software Developer

Certimeter Group (Lutech)

Sep 2020 - Jan 2021

Turin, Italy

- Designed and developed full-stack applications from scratch, including back-end services using Spring Boot and front-end interfaces using ReactJS.
- Collaborated within a multidisciplinary team to design multiple components of the application.

COMMUNITY SERVICE

Seminar Organizer

3IA Côte d'Azur - Interdisciplinary Institute for Artificial Intelligence

Aug 2025 - Aug. 2026

Nice, France

Volunteer

Association for Computational Linguistics (ACL 2025)

Jul 2025 - Aug. 2025

Vienna, Austria

Student Representative

Fondazione Collegio Universitario Einaudi

Sep 2020 - Aug. 2021

Turin, Italy

SKILLS

Programming: Python, Java, C, R, JavaScript, SQL

Frameworks: Spring, ReactJS, PyTorch, TensorFlow, PySpark

Deployment: Docker, AWS, Apache Kafka

Documentation: LaTeX, Markdown

Languages: Italian (native), English (C1 - IELTS 7.5), French (A2)
